1. Remove screw and cable cover and set aside.

2. Remove I/O door from I-Series. Plug hub USB-C cable into I-series. Reinstall I/O door.

3. Assemble bracket to display. Use screws from bag A for 15.6" display. Use screws from bag B for 21.5" display.

3. Plug in USB accessories, HDMI cable for secondary display, and I-Series USB-C power supply.

4. Reinstall cable cover and screw from step 1.

5. Install cable tie from bag D through hole in bracket to secure cables. Assemble stand (not included) using screws from bag C.

Note: Hot plugging/unplugging of the USB-C cable is not recommended.
