

Adapt-LTS 7" Digital Signage Tablet Android 12, RK-3568 Processor

MCT-70LTS-POE

MCT-70LTS-POE - with PoE

The Adapt-LTS 7" Tablet

Mimo's high-end tablets are designed specifically for the commercial and retail space, providing 24/7 running capability and superior performance over consumer tablet models. The Adapt-LTS digital signage media player is designed with durable hardware that is crafted and tested for the demands of retail, commercial, industrial and hospital environments as well as end-caps, kiosks, or customer-facing displays for point-of-sale applications.

The Adapt-LTS utilizes the security of wired with optional power over Ethernet OR the convenience of wireless Ethernet connections. Designed for fixed applications where a rugged mountable Android tablet is desired and where battery power is not required. The table features a rugged case and tempered glass exterior, SD card protection system, stereo audio output, VESA mounting capabilities, and more.
