

FPZ-600

Flat Panel Display Stand

For up to 70" Displays

FPZ-600 Flat Panel Display stands provide a safe and secure solution for displaying digital content in public areas like conference rooms, lobbies or convention centers. The versatility and functionality of this solidly engineered stand enables single display, two displays back-to-back, two displays in portrait orientation or even four displays in either landscape or portrait orientations (may require additional accessory). Integrated security fasteners lock the displays in place, virtually eliminating theft, while internal cable management completely hides all wires and cables enabling a clean, professional look.

FEATURES

- Fits single or back-to-back mounted displays up to 70" (up to four with additional dual-display cartridge)
- VESA® 100, 200 x 100, 200 x 200mm compatible. Additional display mounting patterns supported by optional PLP display adaptor plate (sold separately)
- Continuous vertical adjustment on 6' (1.83m) columns for perfect viewing height
- Hook-on design for quick and simple installation
- Easy to switch from portrait to landscape orientation
- Integrated cable management protects, contains and conceals cables for a clean, professional installation
- Includes theft resistant hardware for attaching display to mount

Display size: up to 70"

Max load: 200lb (90.7kg)
per display up to 4 displays
